Technical Specification

Product Name : LED Power Supply
Article No : STL-DY-A-2

Electrical Data

Input

Rated Input Voltage: AC 180 – 265 V
Frequency: 50 / 60 Hz
Power Factor: > 0.85

Output

Rated Output Power : 300W
Rated Output Current: 12 A
Output Voltage: DC 24 V
Output Type : Constant Voltage

Dimming Type: N/A
Dimmable: No
Power Efficiency: High Efficiency Design
Cooling Method: Passive Cooling

Performance

Dimming Type: N/A
Dimmable: No
Power Efficiency: High Efficiency Design
Cooling Method: Passive Cooling

Product Description (Technical)

The STARLIGHT DY-IP20-300W-24V-BK is a constant-voltage LED power supply designed for indoor professional lighting applications. It provides stable 24 V DC output with a rated power of 300 W and current of 12.5 A.
The unit is housed in a black IP20-rated enclosure, suitable for LED strip and linear lighting systems.

Mechanical & Environmental

Housing Material: Metal
Body Color: Black
Ingress Protection: IP20
Protection Class: Class I
Operating Temperature: −20 °C to +40 °C
Storage Temperature: −40 °C to +80 °C
Indoor Use Only

Installation & Safety

Mounting Type : Surface Mount
Application Rang : LED Strips, Linear Lighting
Short Circuit Protection : Yes
Overload Protection : Yes
Over-temperature Protection : Yes
